Description:

This gorgeously photographed volume celebrates the most influential floral designers today.

In Full Flower is a compilation of a new wave in contemporary floral design, featuring artists who combine traditional techniques with an organic, free-form, “back-to-nature” style. The opposite of buttoned-up and manicured arrangements, this survey includes over twenty of the most celebrated

and influential artists across the United States who are rewriting the rules of floral design.

In Full Flower is the first overview of artists working in this aesthetic. Gorgeous photographs depict the artists' process as well as final designs, captured both as still lifes and environments. In addition, the wanderlust-inducing gardens and inspired interiors exhibit both rustic and urban eco-chic—simple luxury living embodied by these artists that all homeowners will appreciate.

With over 300 original color images and short writing on each artists' inspirations and philosophies, this spectacularly inspiring floral survey will be treasured by lovers of beautiful flowers and interiors alike.
